December 10, 2010

Dear PPYF Member:

I would like to introduce myself. My name is Tracy Hallman, and I am the new PPYF Sponsorship Committee Chairman for the Palisades Pirates Youth Football program (PPYF). We are presently gearing up for the 2011 season! We are happy to have both new & returning members, and we want this season to be a great experience for you, your family, and our Palisades community. We take pride in the quality of the program we provide for the children of the Palisades school district. For example, we provide one of the newest and safest helmets available in all of youth football, but in order to keep up this commitment to our children, and keep registration costs down, we must find other sources of funding for our association.

This is where we need your support... Attached with this letter are our different levels of sponsorship we are asking if you could provide. In addition to these levels of sponsorship, we are adding a special new category. With the economic situation we are in, some families are unable to afford the cost associated with playing football. For example; every player receives a uniform jersey with their name displayed on the back to remember their experience, the cost of proper footwear, and other incidentals that are needed, so with this in mind we are adding a **SPONSOR A PLAYER PROGRAM**. With your donation of \$1000 or more, we will set aside \$200 to provide a child the opportunity to play football. What better way to support our program than to actually support one of our players! Of course any donation would be appreciated...

Please consider supporting our Palisades Pirates Youth Football program for the 2011 season. If you have any questions regarding the above information, or wish to support us another way, please call me at 610-349-0125.

Sincerely,

Tracy Hallman

Tracy Hallman
PPYF Sponsorship Committee Chairman
