January 1, 2009

Dear PPYF Member:

Welcome to the 2009 Pop Warner season. We are happy to have both new and returning members back and hope this season is a great experience for you and your family. We take pride in the quality of the program we provide for our children. For example, we provide one the newest and safest type of helmets available in youth football. In order to keep up this commitment to our kids and keep registration costs down we must find alternate sources of funding for PPYF.

We need your help attracting more corporate and business sponsorships. These come in two different forms: Direct grants where the company makes a check out to PPYF and matching funds where you organize a fund raiser and the company matches the amount raised in that activity. You need to approach your company for the grant type of sponsorship. PPYF will help you organize a fund raiser in order to obtain matching funds.

Attached is a listing of sponsorship levels and what you get for each level of donation. This year we are introducing a new a new incentive for our families.

- **Each family that arranges a sponsorship at the gold level or above will receive free registration for one child.**
- **If you arrange a matching funds contribution from your company that combined with your fundraiser is \$750.00 or more you qualify for the free registration.**
- **Any combination of donations equal to a gold sponsorship qualifies.**
- **All donations must be received prior to final registration April 25th.**

If you have any questions please email Dave Lodwig at sponsorship@ppyf.com (610)346-8979.

Thank you,

Dave Lodwig

PPYF Sponsorship Committee Chairman
